Example 1

Document type: Scanned notice - End Semester Examination Timetable (academic circular)

Keyword Extraction from Scanned Notices: Gradio app and KeyBERT vs TF-IDF evaluation (Colab)

Input: scanned notice and extracted OCR text

KeyBERT keyphrases (with similarity scores)

KeyBERT keyphrases

keyphrase	similarity
examination timetable	0.659
semester examinations	0.605
examination hall	0.544
timetable available	0.524
end semester	0.523
november examination	0.512
examination section	0.51
examinations tech	0.496
college portal	0.483
tech programmes	0.401

TF-IDF keywords (with scores)

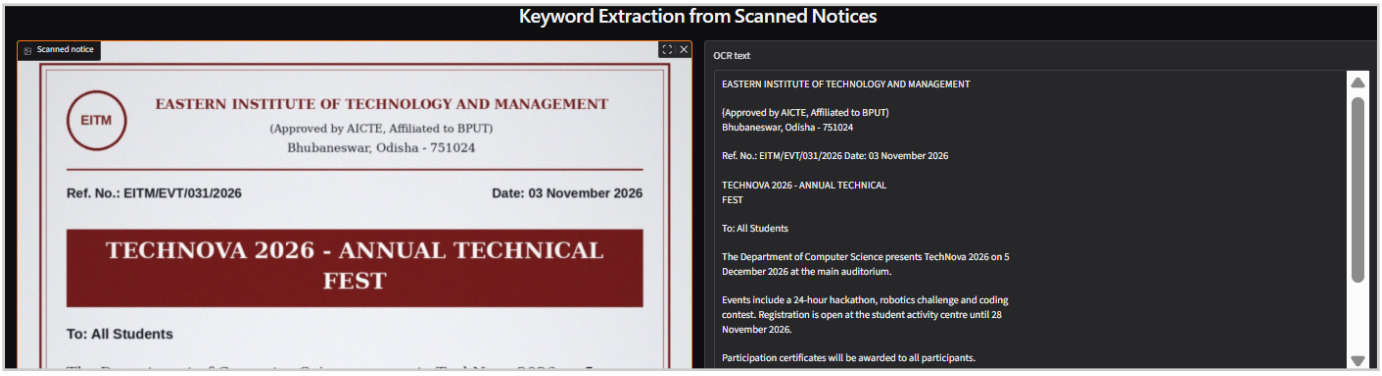

TF-IDF keywords

term	tfidf score
examination	0.222
hall	0.222
hall ticket	0.195
timetable	0.195
ticket	0.195
end	0.195
end semester	0.195
portal	0.168
tech	0.168
november	0.159

Example 2

Document type: Event notice - TechNova 2026 Annual Technical Fest (announcement circular)

Input: scanned notice and extracted OCR text

Example 2 (continued) - KeyBERT keyphrases and TF-IDF keywords
